

P60

The 360 Solutions Personality Profile

We offer many valuable assessments and survey tools that can be used for hiring the right employees, gaining insight from workgroups and uncovering development opportunities for individuals and organizations.

Benchmarking is the **KEY!**

The flagship of our system is the P60. The report provides 8 to 18 pages of the applicant's character and talent traits along with what you may expect from the applicant. This is a vital tool to help you evaluate an individual's weak and strong points. The report will help you make the right decisions as to where this person best fits in your company and where you will need to offer direction and training. Hiring the wrong candidate for the position helps neither you nor the candidate.

We can provide data to help you **HIRE, ENGAGE** and **RETAIN** a high performance workforce.

You have a **75%** chance of hiring a top performer by using benchmarking
