

## BOARD OF DIRECTORS

### Lynn Sveinson, Chair, 2014 - present

Lynn is an experienced and pragmatic organizational leader, with expertise in strategic planning, facilitation, cross-functional team development, budgeting and reporting. Lynn was a key leader at Climate Change Central, acting as Chief Operating Officer where she was responsible for C3's strategic planning, operations coordination, budgeting, and financial reporting until its closure in 2014. Prior to C3, Lynn held senior advisory and strategy development positions in the oil and gas sector. She has used innovative technologies and methodologies in planning, such as system thinking, game theory, and future search conferences. Lynn has held key roles during business process reengineering and change management initiatives.

### Carol-Ann Brown, Vice President, 2014 - present

Carol-Ann leads the Delphi Group Calgary team, working with the oil and gas sector, utilities, the public sector and clean technology companies on a wide variety of projects in the areas of climate change and sustainability. Carol-Ann is also the Operations Director for the Low Carbon Innovation Alliance. Carol-Ann brings 15 years of experience in clean energy and environmental technology development and commercialization. Her international and multi-disciplinary experience focuses on the environment/energy nexus, encompassing a broad range of issues including emissions trading, policy analysis and formulation, and program development; and environmental technology assessment, development and commercialization. Carol-Ann was formerly the Director of Offsets Development and Industry Relations for Climate Change Central, and a Policy Advisor in the Air Quality and Climate Change Branch of the Ontario Ministry of the Environment. She has a PhD in Geography, focusing on wind power commercialization, and a Master of Science in Environmental Change & Management, from the University of Oxford. Carol-Ann is currently board Chair for the Calgary Chapter of Connecting Environmental Professionals, is a director on the board of the All One Sky Foundation, and is a member of the Rhodes Scholars Selection Committee for the Prairie Region.

### Wendy Hannel, Treasurer, 2014 - present

Wendy is the Finance Manager at Attainable Homes Calgary Corporation and former Finance Manager at Climate Change Central. Wendy has financial experience and expertise in both the not-for-profit and for-profit sectors. She has a keen interest in the relationship between climate change, housing and health. Wendy is a graduate of University of Calgary and holds a CPA, CGA designation.

### Helen Corbett, Executive Director, 2014 - present

Helen has worked as a writer, editor and communications consultant for over three decades. She has specialized in communicating complex environmental issues to the general public, with a particular interest in climate change and its impact on vulnerable populations. Helen's work in the climate change field includes 14 years supervising communications for Alberta's Climate Change Central, and more recently, as executive director of the environmental charity, All One Sky Foundation. Prior to that, Helen spent 17 years making documentary films and researching Aleut sealing cultures in the Russian Far East and Alaska. Helen is a Research Associate at the Arctic Institute of North America, University of Calgary. She was a Ford Fellow in environmental politics, University of California, Berkeley; and received two Mesa Refuge fellowships for environmental writing.
