For 6 Must Have Conversations

More so than ever before, adults need to keep up-to-date with current issues in sexual health education that impact our youth. These video suggestions will provide (foster) parents, caregivers, counselors, and CYC workers a peak into the challenges many youth face today. Specific topics will include consent, sexual harassment, sexting through a harm reduction lens, gender violence, the long-term impacts of pornography viewing for children/youth and gender/sexual orientation.
