

SYMPOSIUM JACQUES DE CHAMPLAIN

In Memoriam - Dr Jacques de Champlain

Université de Montréal, Pavillon Roger-Gaudry, salle M-415 et Hall d'honneur

Vendredi, 7 décembre 2012

Cardiovascular Research: a Peek into the Future

- | | | | |
|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 9h00 | Denis deBlois, Ph.D. , Professor, Faculty of Pharmacy, UdeM, GRUM
Michel Bouvier, Ph.D., F.C.A.H.S. , Chief Executive Officer, IRICoR, UdeM
Welcoming address | 13h30 | Evangelos Michelakis, M.D., F.A.C.C., F.A.H.A.
Director, Pulmonary Hypertension Program
Vice Chair – Research, Department of Medicine
Canada Research Chair in Applied Molecular and Mitochondrial Medicine
University of Alberta Hospital, Edmonton AB, CANADA
<i>"The Role of Mitochondria as Novel Therapeutic Targets in Vascular Disease and Cancer"</i> |
| 9h15 | Marc G. Caron, Ph.D.
James B. Duke Professor
Department of Cell Biology
Duke University Medical Center, Durham NC, USA
<i>"Functional Selectivity at GPCRs: Old Targets – New Therapies?"</i> | 14h30 | Siegfried Hekimi, Ph.D.
Strathcona Chair of Zoology
Campbell Chair of Developmental Biology
McGill University, Montreal QC, CANADA
<i>"Using the C. elegans Model to Take a 'Good' Look at the Role of ROS in Aging and Age-Dependent Metabolic Diseases"</i> |
| 10h15 | Timothy L. Reudelhuber, Ph.D.
Director, Laboratory of Molecular Biochemistry of Hypertension
Executive Director, Academic Affairs
Institut de recherches cliniques de Montréal
Professor, Department of Medicine
Université de Montréal, Montreal QC, CANADA
<i>"Uncovering the Last Unknown Elements in the Renin-Angiotensin System"</i> | 15h30 | Health Break |
| 11h15 | Health Break | 15h45 | Hélène Girouard, Ph.D.
Assistant Professor
Department of Pharmacology, Faculty of Medicine
Université de Montréal, Montreal QC, CANADA
<i>"Neurovascular Relationship: for Better or for Worse"</i> |
| 11h30 | Gerald W. Dorn II, M.D.
Philip and Sima K. Needleman Professor
Associate Chair for Translational Research
Director, Center for Pharmacogenomics
Washington University in St.Louis, School of Medicine, St.Louis MO, USA
<i>"Cardiac Mitochondria: Power Source and Poison"</i> | 16h45 | François de Champlain, M.D. , President, Jacques de Champlain Foundation
Pierre Moreau, B.Pharm., Ph.D. , Dean, Faculty of Pharmacy, UdeM
Award of Jacques de Champlain Scholarship
Closing remarks |
| 12h30 | Lunch | 17h00 | Cocktail |
