

## Company Overview

A career at Obsidian Energy means working for a company with a dominant position in light oil in Canada, where safety is valued, high performance matters and potential is realized. Continuous improvement is a cornerstone in Obsidian Energy's evolving culture and it is critical to our pursuit in becoming the company that redefines oil and gas excellence in western Canada. Obsidian Energy is becoming a performance leader in the areas in which we operate and we continue to look for the people who see the opportunity before us – to be the best, to put us on top and keep us on top.

## The Role

### Production Accountant – Oil Sands (Contractor)

Contract Position – Full-time

Department: Production Accounting

Calgary, Alberta

Posting Close Date: September 18, 2019

As part of the Production Accounting team, this role will be responsible for day-to-day production and revenue functions for the Company's Oil Sands Projects. The ideal candidate has at least five years' experience in Alberta Oil Sands production accounting and is able to meet deadlines and ensure compliance with all regulations.

## Responsibilities

*Duties include the following, but are not limited to:*

- Ensuring production and revenue reporting are completed in an accurate and timely manner;
- Complying with all government regulations related to recording and reporting of production volumes including maintenance of associated CAI reports;
- Preparing monthly oil and gas splits, and accounting for diluent blending;
- Preparing monthly MRC and NPR royalties for the Department of Energy, and reporting same on ETS;
- Completing revenue and oil sands royalty accounting on several oil sands projects, both operated and non-operated;
- Assisting with the preparation of CAMR, CARE Cost, CARE Revenue and EOPs statements as required;
- Maintaining up to date records on capital projects within the OSRs;

- Reconciling accounts receivable, transportation and trucking allocations and completing fee accounting associated with the projects;
- Maintaining strong relationships with field and operations staff;
- Streamlining processes and striving for continuous improvement.

### Qualifications

- 10+ years' experience within oil and gas;
- 5+ years' experience in Alberta Oil Sands production accounting;
- PAS and PVR experience;
- Qbyte, Protrend, Petrinex, CS Land, Accumap, ETS and advanced Excel skills;
- Strong analytical skills with a high attention to detail;
- Ability to communicate and work effectively with staff across various functions;
- Ability to simultaneously manage multiple priorities;
- Comfortable in a dynamic work environment; and
- Must be eligible to work in Canada.

### What Makes Us Attractive

Obsidian Energy is more than just a place to work - it's a community of professionals who are truly committed to the continuous evolution of the company, and have interest in its success.

To apply for this position please send a resume to [careers@obsidianenergy.com](mailto:careers@obsidianenergy.com) before September 18, 2019, with the job posting title in the subject line.

We thank you for your interest in Obsidian Energy and this position: however only candidates selected for an interview will be contacted. Final candidates for this position will be required to undergo a screening, including a criminal record check.
