

EYE ON THE BALL PRODUCTIONS 3 INC.

FILMING NOTIFICATION

Productions are to follow the COVID-19 Safety Guidelines for the Film and Television Industry in Ontario as approved by the Ministry of Labour, Training and Skill Development:

<https://www.filmsafety.ca/wp-content/uploads/2020/06/S21-Film-Television-COVID19-Guidance-June.25.20.pdf>.

To Residents & Businesses in the vicinity:

**We will be filming EXTERIOR scenes within
CLAIREVILLE CONSERVATION AREA – 8150 HWY 50**

VARIOUS DATES APRIL 15 – OCTOBER 31, 2021

With the permission of the Toronto and Region Conservation Area please be aware that we will have certain areas of the property closed off to public access for the construction of our set and our filming.

Mostly the section of the west Humber Trail and the large field within in the region of Post Markers 14, 15, 16, although there will be a few other sections that we are planning to use that hopefully wont impact enjoyment of the conservation area. These paths and trails may be temporarily closed at times.

Please be aware that we will have vehicles and equipment moving within the conservation area on the roads as well throughout this period of time and will have staff on site for the duration of our time here.

We are working alongside the Brampton Film & Television Office (BFTO) to bring our production to the city. Thank you for helping make Brampton a film-friendly location, if you have any questions regarding the industry and/or the film permitting process, please contact the BFTO at film@brampton.ca or 905 874 3361.

If you have any questions or concerns, please contact our production directly.

Thank you,

John Rakich
